Grading

In Photography 2, evidence of mastery of the standards is demonstrated through the categories of participation, practice, application, and assessment. All grades will be based on a straight percentage determined by a weighted grading scale. Grades are weighted as follows:

10% **Participation** (Attendance)

30% **Practice** (Do Now, Homework)
60% **Application (Labs, Group Work, Projects)**
100% Overall Grade

It has been my experience that a student gets as much out of a class as they put into it. If you *participate in class*, *complete all assignments* and *ask for help* as needed, you should have no problem earning a *passing grade*.

The **Grading Scale will be:**

A 90 – 100
B 80 – 89
C 70 – 79
D 60 – 69
F 59 and Below

Late Work & Project Extensions

Students can request a project extension by emailing Mr. Shipley prior to the assignment due date. For late work grades will be adjusted as follows:

-5% **up to 1 week late**
-10% **more than 1 week late**

Equipment Responsibilities

Before checking out camera equipment you must return the Equipment Release Form signed by yourself and a parent/ guardian. If you damage or lose equipment, it is your responsibility to replace it. If you do not replace lost or damaged equipment, there will be consequences (see contract).
