-10% **more than 1 week late**

Equipment Responsibilities

Before checking out camera equipment you must return the Equipment Release Form signed by yourself and a parent/ guardian. If you damage or lose equipment, it is your responsibility to replace it. If you do not replace lost or damaged equipment, there will be consequences (see contract).

Grading

In Photography 2, evidence of mastery of the standards is demonstrated through the categories of participation, practice, and application. All grades will be based on a straight percentage determined by a weighted grading scale. Grades are weighted as follows:

10% **Participation** (Attendance)
30% **Practice** (Do Now, Homework)
60% **Application** (Labs, Group Work, Projects)
100% Overall Grade

It has been my experience that a student gets as much out of a class as they put into it. If you *participate in class*, *complete all assignments* and *ask for help* as needed, you should have no problem earning a *passing grade*.

The **Grading Scale** will be:

A 90 – 100
B 80 – 89
C 70 – 79
D 60 – 69
F 59 and Below
