Melon Head II

Open a new Photoshop document. 7.5x7.5", RGB. White Background. Save as> "yourname_melon2.psd"

Look at the fantastic portrait paintings by Acrimboldo to inspire your next project.

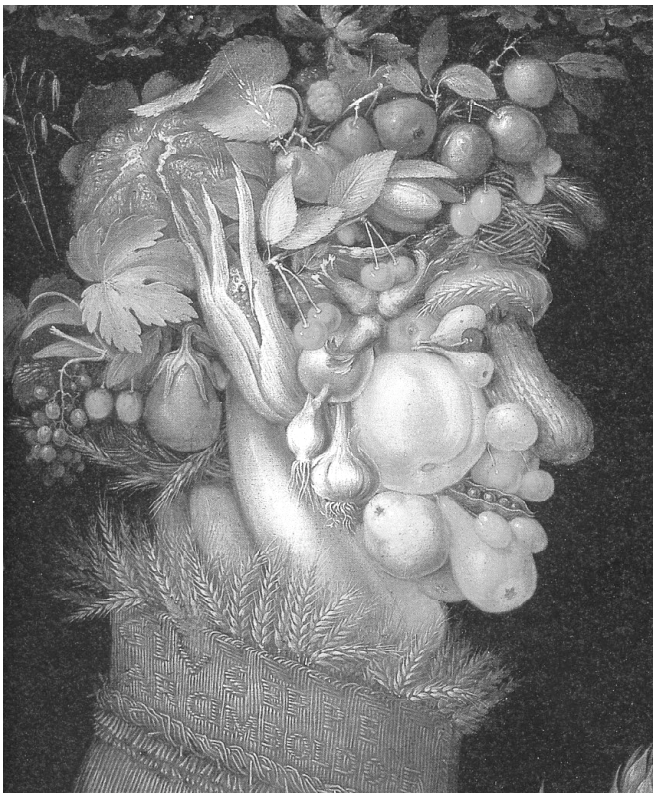

You are going to use the food photos from the 5000 photos CD. To open the photos, go through Photoshop, by goilg to FILE> OPEN> My Computer> CD/5000 photos> FOOD files or FLOWER file. You can browse by thumbnail. You may use any fruits, vegetables and flowers to create your own version of "Mr Potato Head" or an Acriboldo style photo collage. This is a continuation of Surrealism. Play with scale and juxtaposition to create a fantastic portrait.

Include:
Eyes, nose, mouth, ears, mouth, eyebrows, nose, nostrils. hair, neck, and MORE…

Use the selection skills that you learned in the Melon Head/ Selections tutorial. Use the packet if you need to review the skills. The emphasis should be on clean and careful cutting. Use the lasso tools and magic wand to isolate your objects, then copy and paste them onto your document.

Make sure you paint the background with a gradient or color painting.
