**Grading**

In Photography 1, evidence of mastery of the standards is demonstrated through the categories of participation, practice, application, and assessment. All grades will be based on a straight percentage determined by a weighted grading scale. Grades are weighted as follows:

| | |
|---|---|
| 10% | **Participation** (Attendance) |
| 30% | **Practice** (Do Now, Homework) |
| 60% | **Application** (Labs, Group Work, Projects) |
| 100% | Overall Grade |

It has been my experience that a student gets as much out of a class as they put into it. If you *participate in class*, *complete all assignments* and *ask for help* as needed, you should have no problem earning a *passing grade*.

The **Grading Scale** will be:

**A** 90 – 100
**B** 80 – 89
**C** 70 – 79
**D** 60 – 69
**F** 59 and Below
